

## **ABSTRACT OF THE DISCLOSURE**

A foldable table includes two table boards pivotally connected with each other, and two support units each foldably mounted on a respective one of the two table boards. Each of the support units includes a support stand having  
5 an end pivotally mounted on a first end of the respective table board, and a support member pivotally mounted on a second end of the respective table board and pivotally connected with the support stand. Thus, the foldable table is supported rigidly and stably when being expanded and is folded when not in use, thereby enhancing the versatility of foldable table.
